oomrah.my

PARTNER BROCHURE FOR TRAVEL AGENCIES

Grow your Umrah business with oomrah.my

The trusted marketplace connecting Malaysian pilgrims with licensed Umrah travel agencies.

Why agencies join

More pilgrims, less chasing

Packages appear on a marketplace where pilgrims filter by city, date, budget and group size, and on a public board of Umrah requests posted by pilgrims.

Trust that closes bookings

Every agency is checked for a valid MOTAC licence and shows a verified badge. Pilgrims pay your agency directly, and oomrah.my never touches the money or takes a commission.

One dashboard for every booking

Confirm bookings, tick off a service checklist for visa, flights, hotels, transport and ziyarat, and follow each trip from start to finish.

Training for your team

Step-by-step guides and training videos in the Travel Agent Hub cover everything from creating a package to managing earnings.

Pay only to list

Agencies use listing credits to make a package live. There is no monthly subscription, and paused packages keep their active listing credit.

Marketing tools included

A printable package brochure, public replies to pilgrim reviews, and a summary of the payments you have recorded by package and by month.

Pilgrims pay your agency directly

0%	0%	100%	MOTAC
Commission	Booking fee	Paid to your agency	Verified badge

oomrah.my never collects or holds booking payments. Pilgrims pay your company account, and you only buy listing credits to make packages live. Current credit packs are published at https://oomrah.jomos.com.my/how-payments-work.

How it works

1. **Create your packages**
   Add prices, dates, hotels, flights and photos from your dashboard.
2. **Go live with listing credits**
   Activate a package and it appears in the marketplace straight away.
3. **Receive bookings**
   Pilgrims find you by city, date, budget and group size.
4. **Get paid directly**
   Agree the payment schedule with each pilgrim, then record payments or accept their payment slips.

Getting started

Have these ready and your account can be set up quickly:

- ☐ Company name and SSM registration number
- ☐ MOTAC licence number and a PDF copy of the licence
- ☐ Contact person, phone number and email address
- ☐ Main departure city and typical package types (Economy, Premium, Family...)
- ☐ The date they would like their first package live

Questions agencies ask

We already get customers from Facebook and walk-ins.
Keep them. oomrah.my is an extra channel that reaches pilgrims who are comparing packages online, and it doesn't replace anything you already do.

Does oomrah.my take a cut of our bookings?
No. Pilgrims pay your agency directly into your company account. oomrah.my does not collect or hold booking payments and takes no commission or booking fee.

When do we get paid?
On your own terms. You agree the payment schedule with the pilgrim and they pay you directly. Pilgrims can upload their payment slips, you accept them, and the Earnings page shows every payment you have recorded.

How much does it cost?
There is no monthly subscription and no commission. Agencies buy listing credits online with FPX, DuitNow or card and use them to make a package live. The current credit packs are always published on the How Payments Work page.

Is our data and our customers safe?
Every agency is verified before listing, and each agency only sees its own bookings and pilgrims. The booking contract stays between your agency and the pilgrim.
